

# ANTHONY CO

## SOFTWARE DEVELOPER

**P** cell: 510.965.7518

**E** [anthonyashco@gmail.com](mailto:anthonyashco@gmail.com)

**A** 178 Bobolink Way, Hercules, CA, 94547

### OBJECTIVE

Leverage communications and leadership experience developed from five years of teaching and mentoring to learn and innovate in software engineering.

### EXPERIENCE

**April 2015 – October 2020**

Senior Faculty • Axiom Learning LLC

- Worked one-on-one with students with a wide range of learning profiles on academic, test preparatory, executive functioning and cognitive skill development.
- Developed curricula for test prep, writing fluency, cognitive skill development, young men's leadership, and more.

### COMMUNICATION

- Led weekly meetings with full- and part-time teaching staff to discuss students' learning outcomes and guide lesson planning.
- Collaborated with a global education team to align education quality across centers and coordinate curriculum projects.
- Established first marketing contact with prospective clients' families, collecting information and probing for underlying challenges to recommend the most effective programs for the student.

### LEADERSHIP

- Developed instructor training resources and led instructor trainings in person and through online conferences.
- Discussed company performance with global managerial staff to set yearly education, outreach, and financial goals.
